

# **Leading Ideas of Chinese Model: Marxism in Chinese Mode, and “Two Economic Miracles” of New China**

**Chinese Academy of Social Sciences    Cheng Enfu**

**Abstract:** Firstly, according to the difference of theoretical connotation, time span and space scope, this paper expounds the multi-intension, multi-style and integrality of Marxism, and emphasizes on the accurate understanding the meaning of Marxism in China. Then, based on the objective facts and statistical data, this paper explains the first miracle, that is, the great economic achievements under the guide of Mao Zedong Thoughts in the Constitution of the People's Republic of China, and the second miracle, that is, under the guidance of the theory of socialism with Chinese characteristics, China has made greater economic achievements. Then expound Xi Jinping New Economic Thought of Socialism with Chinese Characteristics in the New Era and the new thought about productive forces and economic system with the new development idea as the main content. Finally, it is pointed out that the Chinese economy in the new era has made great achievements in the status of "quasi-center" in the world, and stride forward to the ranks of "central" countries. The notion that Chinese socialism has nothing to do with Marxism is obviously an paradox that we do not understand China.
